A Visit to an Orphanage

The students of FYBBA along with Parent Teacher Prof. Dinesh Borse sir visited orphanage for social services. It was a life changing experience as it was filled with the emotions and sentiments. Students get an opportunity to visit an orphanage named “Anath Matimand Mulanche Baal Gruh, Shirpur” on the occasion of teacher’s day 5th Sept 2018.

The inmates of this orphanage are orphans from the age of 5-14 yrs and are physically challenged. To start with our students introduced each other and interacted with these children and care takers. Students from IMRD sang songs and rhymes, and fed the children. Pen, pencil and other stationary items was donated to these children. Games like musical chair, passing the ball were played with these children’s. It was great time spent with them them our students also got many things to learn from them, it was indeed an opportunity to realize the worth of service that was being rendered by those at orphanage. Our students learned the value of sharing, caring for others. After knowing about their life we realized that our problems are nothing in front of them they had lot of courage to face every problem smiling. After visiting the orphanage we started appreciating the little things in life when we see people who don’t have them. Only at such times do we tide over the insignificant and immaterial things and appreciate the bigger picture. The people of orphanage appreciate this gesture; a smile goes a long way. After visiting orphanage, we extremely felt that “WE HAVE OUR PARENTS WITH US, THESE LITTLE ANGLES DON’T”. We tried our best to make them happy.

Industrial visit at Jain Irrigation System Ltd., Jalgaon

KBC North Maharashtra University has introduced a new subject in the Bachelor of Business Administration from the academic year 2018-19. The basic objective of the subject as well as practical is that the students should understand the efforts of the government to boost this crucial sector. State & Central government is offering the bunch of various grants, subsidies to the Micro, Small & Medium sector enterprises through various programs.

On 13th October 2018 students of second year BBA had a chance to practically visit one of the best industries in the world in agriculture sector i.e. Jain Irrigation Systems Ltd., Jalgaon.

Total 41 students along with Mr. Amul Tamboli & Ms. Seena T. headed towards Jain Irrigation. The industry is located at around 110km from Institute. All the students and faculties reached to industry and were received & greeted by Mr. Chinmay Joshi, Public Relations Officer (Jain Irrigation Systems Ltd.). Initially he has given the basic information about the industry from inception to the present, various important milestones in the journey of company, its methodologies to deal with farmers & agriculture sector. He explained how innovative the company is working keeping farmers in the central roles. Various products & services offered were discussed in details. All students witnessed the entire awards the company received till now. There are various units of the company each specializing in its work. Most of the machineries & techniques are imported from the top economies of the world & practicing in India at this facility only. Increasing the theory knowledge as well as practical application of the same was the basic motive behind organizing this Industrial visit at Jain Irrigation Systems Ltd.

Students got the required information & knowledge about work culture of top companies in the agriculture sector through these interactions. Students witnessed various applications & technologies supported by IT functions, Infrastructure and campus facilities provided by Jain Irrigation Systems Ltd. in the factory premises. All the students enjoyed this outing. This industrial visit has clarified many doubts in the minds of students of second year BBA which they have learned during the lectures of subjects in the syllabus. This has made them to realize:

How the government is helping to motivate the small & medium scale industries across India & various states? & what are the various subsidies & incentives reserved for this sector? The major focus was to study all the initiatives of state government of Maharashtra as well as central government towards the overall industrial development in economy. Students have prepared various reports in earlier practical of the same subject. This visit has added a good value to the overall understanding of both the subject as well as practical in the real way. Students clarified their doubts on various concepts during the visit & submitted the report in the journal in the subject practical file. The visit ended with a positive note from Joshi sir (PRO)

Mr. Anand is a winner of PMO Mobile App Contest for his Innovative Idea and got selected in 20 winners from 50,000 participants organized by MyGov & Google India. His innovative idea was:

- There are many people who are blind who may not be able to read or at times during travel one is unable to read, for such persons the application should be such that it converts the text messages in speech/audio form.
- There are many people who may not understand English or a particular language and hence the speech messages must be converted into regional language

Also various different educational android apps were developed by him. Such a great personality visited to institute hence director Dr. Vaishali Patil appreciated him for his talent and great success. During pre placement talk sir shared all the details about company profile, job profile also he shared all his achievements with all students through which students also get inspired and motivated. Total 36 students from MCA and IMCA were eligible and appeared for the Technical interview and HR interview which was conducted by team of Arete Technology.
